

Frank Ocean

Mir Fontane

Lately I been wonderin' why you don't play my shit
Claim you been a fan since I got beats from Soundclick
But every time I see you, you play Drake's old shit
J. Cole shit

FRANK OCEAN

That's everyday shit

I ain't hating, I just wanna be your favorite
Understand that I'm a legend in the making

Change your situation, situation

See I'm from Jersey baby

You know it get cold on the \$ide

And we just be praying for Summer

Even though that's when everyone die

Gunshots in the darkness

Don't come outside if you scared

The Wet and that Wockey got fiends in the alley

It feel like it's Walking Dead (yeah, yeah)

I swear my love is unforgettable

I'm not your average individual

And my bitch a walking swimming pool

I splash in it when I'm in the mood

All these dolla \$igns, in my bank account

Tryin' spend it all on you

Said I wouldn't leave on yo ass

But I still went LeBron on you

I just pray for 100 bands

My homie jus want 100 guns

Pray he live to see 25

Cause he a Savage under 21

21 21 21

That's the age they took my number one

His Favorite movie was the Drumline

Ironic he ain't hear them drummers come

And I don't do the lean

All these dollars in my jeans (yeah)

Swear this life is but a dream

But you never listen to me (no)Lately I been wonderin' why you don't play my shit

Claim you been a fan since I got beats from Soundclick

But every time I see you, you play Drake's old shit

J. Cole shit

FRANK OCEAN

That's everyday shit

I ain't hating, I just wanna be your favorite
Understand that I'm a legend in the making
Change your situation, situation
