

Hearts Beat Loud

[Keegan DeWitt](#)

Your heart is what it is
You stood in the hallway staring back
I don't know what it is I can't make my heart feel like that
We ride and the lights are out
City bright and the rain falls down outside
I don't wanna go home
I miss you when you're not around
Not so simple just to say out loud all those words
I feel when I'm alone
I won't hear you calling
Don't leave me here alone
'Cause even if I said it, you wouldn't hear it, oh
I won't hear you calling
Oh ooh, you wouldn't hear it, oh I won't hear you calling, oh
Don't leave me here alone
You wouldn't hear it, ooh I won't hear you calling, ooh,
Don't leave me here alone
You wouldn't hear it, ooh Speak now, streets are flooded
Hearts loud, we feel it in our blood
And now our hearts beat loud
Speak now, streets are flooded
Hearts loud, we feel it in our blood
And now our hearts beat loud I wish I had said what I meant way back then
I wish I had said what I meant way back then
I wish I had said what I meant way back then
