

Smut King

The Haunted

Ravaged. Scarred.
Book me in. Imperial suit.
Twenty hours, hell no! Make it a week. A fashion deprivation.
A skin-flick fantasy.
The anesthesia won't help you now. Slip it in. (Chorus:)
Lashmarks. Cigarette burns.
Cumstains. Lipstick traces.
Rehab. Therapy.
I collapse. Breakdown.
Sexdrive. Transform.
Anti-lifeform. Slip it in. Now dig this; Supply ME!
A mouthful of absolutely NOTHING!
Now understand - I owe you nothing.
a tremble.
beads of sweat
well paid
Wash it off
Burrn the evidence
What goes around comes around
It's in the works:
A cellular collapse
Burning human antidote
Condone it
Promote selfextinction
Shot.ripped.fucked.
