

# Doubt It

KYLE

Yeah Yeah  
Yeah, she trippin'  
We all know she fuckin' with King Wavy  
Wave yeah I know  
Something only I know  
I got super powers but that's something only I know  
What I want is mine if I say it in my mind though  
Teach you if I had time, yeah  
Do I got the time? No  
Shit these niggas dream about is not even a milestone  
Call up Dr. Seuss, I think they running out of rhymes though  
Juggling and finessing, we've heard that a hundred times though  
Niggas keep repeating theyselves like they in a vine  
In a vine  
In a vine though  
Why they gotta lie, though?  
Say them diamonds dancing homie  
We know that it's rhinestones  
I don't got a 'rari  
But my whip is really mine though  
I don't got no thotties  
But I know my bitch is fine though  
I'm from California  
You can tell just by my Vans  
My nigga's about it  
You can tell just by his stance  
Don't throw no subliminals  
Or he'll be throwing hands  
My bro bro play baseball  
I hope you know how to catch  
I just earned my cue, ooh  
They know I'm up next  
Curly headed cute cute  
She send me the text  
Yeah, I been the dude dude  
Since I made a YouTube  
Fuck a million views  
Needed views so I'm floating like I'm Mewtwo  
Zoning in California  
On a mountain  
High up, I'm with my main thing  
She keep me grounded

Don't test us  
She with the extras  
Read all about it  
You 'bout it?  
I really doubt it  
I really doubt it Zoning in California  
On a mountain  
High up, I'm with my main thing  
She keep me grounded  
Don't test us  
She with the extras  
Read all about it  
You 'bout it?  
I really doubt it  
I really doubt it  
Haircut like the 80's, yeah  
Don't need a Mercedes  
To maneuver Uber everywhere  
Bank account like ...wait  
Let's not even take it there  
My career don't make it fair  
Ain't no elevator to success, I had to take the stairs  
How you think I made it here?  
Climbin', climbin'  
How you think you make it here?  
Grindin', grindin'  
I chase after what I want  
And I don't stop to take a breath  
You can't run up on me, yeah  
You need to take baby baby baby baby baby steps  
Who you think you playin' with?  
Nigga I'm a gamer, yeah  
You should check my gamer tag  
Fire spittin' kitten  
Who you kiddin'?  
I will flame your ass  
Call of Duty champion  
Do you know you aimin' at?  
Nigga, you my son  
Fuck around and I'll rename your ass  
Give you to adoption, make your momma come reclaim your ass  
Well, I guess that's a little harsh  
But everyone can't be a star  
Sometimes niggas gotta read the script and play they part  
Aw man damn, why is that so hard?  
I don't know  
I don't know man  
I just want to play Assassin's Creed  
Give my baby what she needs

And watch my HBO shows in peace  
PeaceZoning in California  
On a mountain  
High up, I'm with my main thing  
She keep me grounded  
Don't test us  
She with the extras  
Read all about it  
You 'bout it?  
I really doubt it  
I really doubt itZoning in California  
On a mountain  
High up, I'm with my main thing  
She keep me grounded  
Don't test us  
She with the extras  
Read all about it  
You 'bout it?  
I really doubt it  
I really doubt it
