

Keep Talking (feat. Julia Michaels)

Rita Ora

You can say what you want
You can like me or not
Give it all that you got Keep talking Know what you whisper about
From the side of your mouth
Let it keep coming out
Keep talking But I'll take the high-ah-high-ah-high, high road
I'll take the high ro-oad, oh, all the way home
I'll take the high-ah-high-ah-high, high road
All the way home, all the way home
Cause there's nothing you can say to me that I haven't said to myself
There's nothing you can make me feel that I haven't already felt
You know, there's nothing you can say to me that I haven't said to myself
I'll take the high-ah-high-ah-high, high road
Keep talking
High-ah-high-ah-high, high road
Keep talking
High-ah-high-ah-high, high road You can roll it on out
I could roll it right back
And embellish the facts
I promise But I'll take the high-ah-high-ah-high road
I'll take the high ro-oad, oh, all the way home
I'll take the high-ah-high-ah-high, high road
All the way home, all the way home
Cause there's nothing you can say to me that I haven't said to myself
There's nothing you can make me feel that I haven't already felt
You know, there's nothing you can say to me that I haven't said to myself
I'll take the high-ah-high-ah-high, high road
Keep talking
High-ah-high-ah-high, high road
Keep talking
High-ah-high-ah-high, high road
Keep talking
High-ah-high-ah-high, high road Ooh, ooh
Oh, it's your second hand news, ooh
Yeah, you got more lies than truth, ooh
Don't know what you're trying, trying to do, ooh ooh Cause there's nothing you can say to me
that I haven't said to myself
There's nothing you can make me feel that I haven't already felt
You know, there's nothing you can say to me that I haven't said to myself
I'll take the high-ah-high-ah-high, high road
Keep-keep-keep talking
High-ah-high-ah-high, high road

Keep talking
High-ah-high-ah-high, high road
Keep talking
High-ah-high-ah-high, high road
Keep talking
High-ah-high-ah-high, high road
