

Shout it Out

Lincoln Brewster

Oh, oh, oh, oh
You make all things new
We are living proof, yeah
You take broken lives
And you make them fly.
We belong now, we belong! This is freedom, we have a reason
To be shouting, everybody shouting!
We'll rock you in the life, our hearts have come alive
We are living out to shout it out!
Oh, oh, oh
To shout it out!
You make darkness shine
And bring us back to life, yeah
What was lost is found
Save the older doubt
Oh yeah!
We belong now, we belong! This is freedom, we have a reason
To be shouting, everybody shouting!
We'll rock you in the life, our hearts have come alive
We are living out to shout it out!
Oh, oh, oh
To shout it out! We are free, we are free to shout it
We are free, we are free, free indeed, everybody sing
We are free, we are free to shout it
We are free, we are free, free indeed, everybody sing
Shout it out, shout it out
Shout it out, shout it out
Oh, oh, oh
Shout it out, shout it out This is freedom, we have a reason
To be shouting, everybody shouting!
We'll rock you in the life, our hearts have come alive
We are living out to shout it out!
Oh, oh, oh
To shout it out!
Oh, oh, oh
To shout it out!
