

# Hate Me!

## MASN

[Verse 1]

Walk with the flowers, talk with me for hours  
Tell me all that brings you grace  
Tell me 'bout your powers, I'll give you all my power  
Something to rewind today  
Let's walk with the flowers, talk with me for hours  
Tell me all that brings you grace  
Tell me 'bout your powers, I'll give you all my power  
Something to rewind today  
'Cause you could say you hate me  
And I would say I love you  
You could fucking hate me (Hate me)  
And I would say I love you [Chorus]  
'Cause you could fucking hate me, and I would say I love you  
You could act just like that, I'm right here  
You could fucking hate me, and I would say I love you  
You could act just like that, I'm not scared  
You could fucking hate me, and I would say I love you  
You could act just like that, I'm right here  
You can try to break me, and I would say I love you  
I know I'm fucking broken, I'm right here, oh

[Verse 2]

Walk with the flowers, talk with me for hours  
You could make me walk through flames  
Tell me when it's over, swear we're never sober  
Sun is burning on my face  
I'll tell you 'til we're older, I'm never getting over  
The way you made me feel that day  
This will make you hate me  
But you could never break me  
[Chorus]  
'Cause you could fucking hate me, and I would say I love you  
You could act just like that, I'm right here  
You could fucking hate me, and I would say I love you  
You could act just like that, I'm not scared  
You could fucking hate me, and I would say I love you  
You could act just like that, I'm right here  
You can try to break me, and I would say I love you  
I know I'm fucking broken, I'm right here, oh

[Outro]

Walking with flowers, talking for hours  
Tell me what brings you grace

Telling my powers, giving my powers  
Rewinding today
