

# Boasty (feat. Idris Elba) [Conducta Remix]

Wiley, Stefflon Don & Sean Paul

Used to stand up on the block  
Now I'm always on my own  
Look around, all of us are always on the phone  
Buy a house cash, I ain't tryna get a loan  
All the chains and watches I leave them alone  
Still got the drip though, I be drippin' those  
All the fresh drips I be poppin' up in those  
Bought so many cars, I ain't got enough toes  
When they saw the black and yellow on my whip, bruddaz froze like  
Boasty, boasty, Godfather,  
man a OG  
Man a half humble, man are boasty  
Fling a ragga riddim like it's '03  
Boasty, house on the coast G  
My money so long it doesn't know me  
It's looking at my kids, like I'm boasty  
I fly around the world 'cause I'm boasty  
When I invest it's gotta be a gem  
If I drop a half then I wanna see a M  
My brudda drop a tree then he's gotta see a ten  
Meet buff gyal we're never gonna see again  
Used to stand up in a dance, [?]  
In the after party we don't wanna go to sleep  
Everybody wanna be a don I hear  
You looking for the top boy, standing right here like  
Boasty, boasty  
East side nigga like [?]  
I bust a dub step like Coki  
Used to stand up on the block  
Now I'm always on my own  
Look around, all of us are always on the phone  
Buy a house cash, I ain't tryna get a loan  
All the chains and watches I leave them alone  
Still got the drip though, I be drippin' those  
All the fresh drips I be poppin' up in those  
Bought so many cars, I ain't got enough toes  
When they saw the black and yellow on my whip, bruddaz froze like  
Boasty, boasty, Godfather, man a OG  
Man a half humble, man are boasty  
Fling a ragga riddim like it's '03  
Boasty, house on the coast G  
My money so long it doesn't know me  
It's looking at my kids, like I'm boasty  
I fly around the world 'cause I'm boasty  
Standin' on a rooftop, lookin' at the sky

Which city next? 'Cause I feel I wanna fly  
Which gyal wanna come and sing me lullabies?  
Gyal dem ah love me, they wouldn't come here otherwise  
You can see the Cali weed when you look into my eyes  
Man call Drizzy and a couple other guys  
Holla Medz let a brudda catch a vibes and-  
Check my drip, let a brudda catch a vibes  
Man drop twenty racks on a power bike (drop)  
Hit the road, let me show you what the powers like (ayy)  
My antennas dem a strong like a satellite  
Dish bars out daily, let's have it right  
I'm active when it comes to flexing  
'Cause a bro seeing bro is a next ting  
Sunshine blazing, I ride out  
Used to stand up on the block  
Now I'm always on my own  
Look around, all of us are always on the phone  
Buy a house cash, I ain't tryna get a loan  
All the chains and watches I leave them alone  
Still got the drip though, I be drippin' those  
All the fresh drips I be poppin' up in those  
Bought so many cars, I ain't got enough toes  
When they saw the black and yellow on my whip, bruddaz froze like Boasty, boasty, Godfather,  
man a OG  
Man a half humble, man are boasty  
Fling a ragga riddim like it's '03  
Boasty, house on the coast G  
My money so long it doesn't know me  
It's looking at my kids, like I'm boasty  
I fly around the world 'cause I'm boasty
