

# Love We Have

Alexkid

Ooh darling...Come on now, Oh sugar, hey  
Its been hard again mmmh.  
Been so hard again I'll prove that I want you. COME ON NOW...  
I'll prove that I need you. Oh darling, want you try cause it's you, yeah I know that it's love we  
have...  
Oh what a love we have...  
Sure that it's love we have... Oh darling  
Won't you try, cause it's you Hey What happened to the things we wanted  
Cause in my dreams it's you I wanted  
There's no way back No... not now we've started  
All I can do is say I'm sorry...  
I'll prove that I want you, come on now I'll prove that I need you  
Oh darling, won't you try, cause its you, yeah I know that it's love we have  
Oh what a love we have  
Sure that it's love qw have, Oh darling  
Wont you try, cause its you hey Swear my love I won't let you go  
There was a time when you were on your own.  
And you thought that I, Oh yes I wasn't holding you hey.  
Don't give me in, dont let this be...  
Give me one more chance, I know the one for me.  
Honey let me try, let me try 'cause im missing you, yes. I'll prove that I want you, come on now  
I'll prove that I need you  
I know that it's love we have  
Oh what a love we have  
Sure that it's love we have, Oh darling  
Won't you try, cause it's you yeah  
×2END...
