

# Babylon

## Outkast

I came into this world high as a bird  
From second hand cocaine powder  
I know it sounds absurd  
I never tooted but it's in my veins  
While the rest of the country bungies offs  
Without no snap back  
And bitches they say they need that  
To shake they fannies in the ass clubs  
They go the other route  
Turn each other out  
Burn each other out  
Where a bonified nigga like me  
Can't even get no back rub these days  
Ain't that bleak on they part  
But let me hold it down  
'Cause they shut you down  
When you speak from your heart  
Now that's hard  
While we rantin' and ravin' 'bout gats  
Nigga they made them gats  
They got some shit that'll blow out our backs  
From where they stay at  
Ooh, I fear the battle's just begun  
Ooh, though we're here someday we will be gone  
So I'm hopin', wishin', prayin'  
To keep my faith in you, in you  
(Yo, yo, yo) I'm fascinated by the way yo  
Nipples peak at me through yo blouse  
Freaky me, freaky you  
Can't help but be aroused  
'Scuse me Lord less for thinkin'  
But that's the way we was brought up  
Sneakin' to watch playboy at night  
We all must be caught up in worldly ways  
Chemistry between boys and girls  
Is alot like when we went to the woods  
And laid with the squirrels  
Durin' P.E., we'd be  
Exploring each others privates  
Hunchin' with all our clothes on  
Until we felt excited then, aah  
Oh now it's on from here on out  
Put yo hands in the atmosphere  
If you know what I'm talkin' 'bout  
Now if two hearts done walk on out

And I see you on the next song  
They call it horny  
'Cause it's devilish  
Now see we dead wrong Ooh, I fear the battle's just begun  
Ooh, though we're here someday we will be gone  
So I'm hopin', wishin', prayin'  
To keep my faith in you, in you People don't know the stress I'm dealing with day to day  
Speakin' about the feeling I'm possessing for rene  
Mopin' around and wondering where she stay  
Saw her last that she lay  
Give it another day I say  
But the Lord he taketh away Now give it back lawd  
'Cause that's like backboards without the rims  
Me and my auntie was tight like southwest  
Before the pinks moved in  
Like the niggas that owned the ligour store  
Crack cocaine, pimps and whores  
Livin' up on this earth  
Before a nigga like daddy was born But they makin' a scene  
That my music and crime are a team  
But I'm speakin' the truth not dreams  
So what in the fuck they mean  
My lyrics ain't clean Ooh, I fear the battle's just begun  
Ooh, though we're here someday we will be gone  
So I'm hopin', wishin', prayin'  
To keep my faith in you, in you Ooh, I fear the battle's just begun  
Ooh, though we're here someday we will be gone  
So I'm hopin', wishin', prayin'  
To keep my faith in you, in you Ooh, I fear the battle's just begun  
Ooh, though we're here someday we will be gone  
So I'm hopin', wishin', prayin'  
To keep my faith in you, in you  
My faith in you  
My faith in you  
My faith in you  
My faith in you  
My faith in you  
My faith in you  
My faith in you  
My faith
