

Falling (feat. Alex G)

Tyler Ward

And the conversation was right
Underneath the shade of moonlight
You were standing there
With sun-touched hair
And your dress the color white Like an aeroplane
I took flight
Fell in love with you that first night
Cause you danced with me
And I could see that there was more to life
I'm falling
I'm falling
In love with you
I'm falling
I'm falling
In love with you-oooh
Just before the strike of midnight
You said "This could be the good life"
And you say "Goodbye, hope that I get to see you soon"
Then I walked for several miles
Couldn't rid me of my smile
Cause you found me and I found you
In this lovely month of June I'm falling
I'm falling
In love with you
I'm falling
I'm falling
In love with you Will you catch me
because lately
you're the dream come true
Say you love me
you are lovely
do you feel it too (But you came for, you came for me) ... continued I'm falling
I'm falling
In love with you
I'm falling
I'm falling
In love with you I'm falling oooh x2 I'm falling
