

# What This Means to Me

## I See Stars

Between you and me  
I think it's really sad  
How we're singing the same songs  
Humming the same songs  
Ooh, whoa, oh  
Ooh, whoa, oh, oh  
Don't you see what this means to me These are the hard times here to inspire  
Convenient how it always works out this way  
The message you'll find  
Heart on a wire  
It'll make you say  
It'll make you say "Oh my god, there must be something left to write  
The two best words that sum up my whole life."  
This is the story of our lives  
From the road we sit  
And watch it pass by  
Is this the best use of my time?  
Don't worry my love, everything's alright  
I'd give just about anything  
to know she's waiting for me  
An eye for an eye, a dream for a dream The life that I am force fed  
I'm scared of the road ahead  
Have you listened to a word I've said?  
The big picture is my dream is dead These are the hard times here to inspire  
Convenient how it always works out this way  
The message you'll find  
Heart on a wire  
Don't you see what this means  
Between you and me  
I think it's really sad  
How we're singing the same songs  
Humming the same songs  
Ooh, whoa, oh  
Ooh, whoa, oh, oh  
Don't you see what this means to me (I'd give just about anything)  
(to know she's waiting for me)  
(An eye for an eye, a dream for a dream) It'll make you say "Oh god, why was I wrong.  
I missed all the meaning while it was spelled out all along."
