

What This Means to Me

I See Stars

Between you and me
I think it's really sad
How we're singing the same songs
Humming the same songs
Ooh, whoa, oh
Ooh, whoa, oh, oh
Don't you see what this means to me These are the hard times here to inspire
Convenient how it always works out this way
The message you'll find
Heart on a wire
It'll make you say
It'll make you say "Oh my god, there must be something left to write
The two best words that sum up my whole life."
This is the story of our lives
From the road we sit
And watch it pass by
Is this the best use of my time?
Don't worry my love, everything's alright
I'd give just about anything
to know she's waiting for me
An eye for an eye, a dream for a dream The life that I am force fed
I'm scared of the road ahead
Have you listened to a word I've said?
The big picture is my dream is dead These are the hard times here to inspire
Convenient how it always works out this way
The message you'll find
Heart on a wire
Don't you see what this means
Between you and me
I think it's really sad
How we're singing the same songs
Humming the same songs
Ooh, whoa, oh
Ooh, whoa, oh, oh
Don't you see what this means to me (I'd give just about anything)
(to know she's waiting for me)
(An eye for an eye, a dream for a dream) It'll make you say "Oh god, why was I wrong.
I missed all the meaning while it was spelled out all along."
