

I Get Off

Halestorm

You don't know that I know
You watch me every night
And I just can't resist the urge
To stand here in the light
Your greedy eyes upon me
And then I come undone
And I could close the curtain
But this is too much fun I get off on you
Getting off on me
Give you what you want
But nothing is for free
It's a give-and-take
Kind of love we make
When your line is crossed
I get off!
I get off
So much left unspoken
Between the two of us
It's so much more exciting
To look when you can't touch
You could say I'm different
And maybe I'm a freak
But I know how to twist you
To bring you to your knees I get off on you
Getting off on me
Give you what you want
But nothing is for free
It's a give-and-take
Kind of love we make
When your line is crossed
I get off!
I get off
What you don't know
What you can't see
Is what I do for you
I do for me? I get off on you
Getting off on me
I give you what you want
Yeaaaaaaah...I get off on you
Getting off on me
Give you what you want
But nothing is for free

It's a give-and-take
Kind of love we make
When your line is crossed
I get off!
I get off Yeah, I get off!
Yeah, I get off!
I get off
