

Show Me What You're Made Of

Hoodie Allen

I don't wanna give you up,
I just wanna give you love
I don't wanna make it tough
cuz you don't gotta do too much
I don't wanna say goodbye
I just wanna stay the night
Show me what u made of
can you show me what u made of? Yo making out on my tour bus
So fresh prolly thought it was a corvette
And if you wonder why your girl aint make plans with u
Well mothafucka she ignored them (fucka she ignored them!)
#SheWasHangingWithARapperNow
Remember when u were the shit Manny Pacquiao
Things change so fast nowadays
Cuz you used to front hard now you super good at backing out
1 shot 2 shot now you blacking out
Think you fuckin w the king? What's your rationale
I been coming for the title, tell ur girl to come over she be missing all her finals (she be missing
all her finals)
I'ma teach her a thing or two, what's a fling for me probably a ring for u
I got Mary, Megan, Mandy, Morgan
I'ma smash em, Billy Corrigan
I don't wanna give you up, I just wanna give you love
I don't wanna make it tough, cuz you don't gotta do too much
I don't wanna say goodbye, I just wanna stay the night
Show me what u made of, Can you show me what u made of?
And you don't gotta turn me down, I'll come in when there's no one home
Baby let me turn you on, I'll treat you like a new iPhone
Girl you can be a star, fuck that cuz you already are
But show me what u made of? Can you show me what u made of? Yo ray allen in the 90's cuz I
got game
2 girls in my hotel and im not payin
She wanna know my occupa--
I said I make money money make money money hey
Like I rob Banks
Uncle Phil Dough
Come to my place if u want a real show
She got me feeling like I'm Magic Mike
You a beauty girl so tell me what the pageants like
Skinny chick but her booty got a appetite
If she catch me looking at it I just act polite
Like what a conundrum

bitches are punch drunk-
Love like Floyd Mayweather just pumped em
full of some Russian vodka
said she out of my league like the Brooklyn Dodgers
When everybody trying to be the MVP...
I take your girl from courtside to show her the lockers ugh
I do whatever I want, I say whatever I want
I live however I want, ever I want, ever I want
I steal whatever I want, I kill whatever I want
I f*** wherever I want, ever I want ever I want
I do whatever I want, I say whatever I want
I live however I want, ever I want, ever I want
I steal whatever I want, I kill whatever I want
Show me whatever you want, ever you want, every you want Show me what you made of
Show me what you made of
Show me what you made of
Show me what you made of
Show me what you made of
Show me what you made of
Show me what you made of
Show me what you made of
