

# Fly

## Lucky Daye

The situation is dire  
But mama raised up a fighter  
It's gon' come down to the wire But the come up is higher I'm telling you, darling  
The minute you're calling  
I'll be there in a hurry  
No matter how far  
It could be near to the stars  
Yeah I'll be there, don't you worry (yeah) With you I stay fly, I, I  
To the sky, I, I  
With you I stay fly, I, I  
To the sky  
Can't stop won't stop (oh)  
(Na, na, na, na, ...)  
Can't stop won't stop (oh) Keep an eye out for vultures  
We're on the frontline like soldiers  
I got it, we're taking over  
I hold it down like I'm s'pose to I'm telling you, darling  
The minute you're calling  
I'll be there in a hurry  
No matter how far  
It could be near to the stars  
Yeah I'll be there, don't you worry (yeah) With you I stay fly, I, I  
To the sky, I, I  
With you I stay fly, I, I  
To the sky  
Can't stop, won't stop (oh)  
Can't stop, won't stop (oh) Can't stop me, won't stop me  
Never stopping oh!  
Can't stop me, won't stop me  
Never stopping oh!  
Can't stop me, won't stop me  
Never stopping oh!  
Can't stop me, won't stop me  
Never stopping oh! I'm telling you, darling  
The minute you're calling  
I'll be there in a hurry (oh, oh)  
No matter how far  
It could be near to the stars  
Yeah I'll be there, don't you worry (yeah) With you I stay fly, I, I  
To the sky, I, I  
With you I stay fly, I, I  
To the sky Can't stop won't stop (oh)

Can't stop won't stop (oh)
