

Got To Love Somebody (Dimitri from Paris Remix)

Sister Sledge

I've got to love somebody today
I've got to love somebody
I've got to love somebody today
I've got to love somebody Tired of movies all by myself
I'm sure you folks know what I mean
My time has come and I need someone
To share my popcorn and jellybeans Looked in the mirror, it all got clearer
I won't let my life pass me by
Stop feelin' sorry for myself
Fish are bitin', I'll throw out my line I've got to love somebody today
I've got to love somebody (Hey)
I've got to love somebody today
I've got to love somebody
I've got to love somebody today
I've got to love somebody (Hey)
I've got to love somebody today
I've got to love somebody Must be careful and watch my step
I hope the shock is very mild
I'll change my hair and change my style
Watch out, I might just go wild I got to get out and live
And show the world how much I can give
I'm gonna do it all by myself
I'll make a love you can put on a shelf I've got to love somebody today
I've got to love somebody (Hey)
I've got to love somebody today
I've got to love somebody
I've got to love somebody today
I've got to love somebody
I've got to love somebody today
I've got to love somebody I've got to love somebody today
I've got to love somebody (Hey)
I've got to love somebody today
I've got to love somebody (Take me away, y'all) I've got to love somebody today (I'm gonna
find him today now)
I've got to love somebody
I've got to love somebody today (I've got to love, I've got to find somebody)
I've got to love somebody (Oh, finally now) I've got to love somebody today (I've got to love,
I've got to love you, baby)
I've got to love somebody (Oh, there's got to be a way)
I've got to love somebody today (I've got to find it today now)

I've got to love somebody (Hey, there's got to be)I've got to love somebody today (I've got to
find, I'm gonna find somebody)
I've got to love somebody (Hey... hey...)
I've got to love somebody today (I've got to love now, I've got to love now)
I've got to love somebodyI've got to love somebody today
I've got to love somebody

I've got to love somebodyI've got to love somebody today
