Light beams from outer space Drifting to your satellite Your dish responds Communication disinformation So entertaining Blood money blood money It's wild in here There's a girl on the floor She's gonna blow this place apart Gonna take us all, all awayCommunication disinformation So entertaining Blood money blood money It's wild out here You should see the light From the crown of the king The king of the night Spinning metal blue satellite Your dish responds Communication disinformation So entertaining Blood money blood money It's wild out here Situation's alright Gonna keep up the lies And our version of lifeI won't leave this dirty place I'll stay here 'til the end The lights are on So action man Show us the truth Communication disinformation So entertaining Blood money blood money
