

Long Drive

Jason Mraz

Long drive, long night
The best night of my life
With you riding, your hand on my hand
The thought of arriving, kind of feels like, dying
I don't want, to go home and be, alone
Could we, stay out?
Could you...Drive a little slower, don't matter where we're going
As long as I'm with you, we could take the long wayChevy Nova, front seat, sofa, getting
closer, to youDrive a little slower; don't matter where we're going
As long as I'm with you, we can take the long wayDrive a little slower, not ready to go home
I'd rather stay with you
We could take the long way out, to the country out of town
Let's get lost; I don't wanna be found
Let's get away, now and be careful not to crash
There's no defrost and we're steaming the glass
You and the road have a generous shoulder
We can pull over and say we took the long wayHeadlights, not strobe lights
I can see you, but not quite
I can feel you inside; the timing is just right
For the moment, I don't want to go home
Take the long way, Take the long way
Whoah whoah whoah
Take the long way
Whoah whoah whoahDrive a little slower; don't matter where we're going
Take the long way
Drive a little slower; don't matter where we going now
Take the long wayDrive a little slower; not ready to go home
I'd rather stay with you
We can take the long wayLong drive, long night
The best night of my life
