

Crown

JAY-Z

They can't keep a good man down
Always keep a smile when they want me to frowns
Keep the vibes and they stood my grounds
They will never ever take my crown
Who Jah bless I say no man curse
Things gettin' better when they thought it would be worse
Here comes the officers askin' for a search
They found no weapon just only a draw of herbsOneOneOne, twoOne, twoBounceYeah
You in the presence of a king
Scratch that, you in the presence of a God
Put in the belly of the beast
I escaped, a nigga never had a job
Scott Boras, you over baby
Robinson Cano, you coming with me
These niggas like rotary phones
It's a new day, hit up KD
Niggas always try to knock a nigga down
Knock me to my knees about a million times
Uncle said I'll never sell a million records
I sold a million records like a million times
These niggas shouldn't let me in
I ball so hard on ESPN
See my name come across on CNN
'Bout 6 minutes, you gonna see it again
'Bout 6 minutes, you gonna see me again
Shit on me
These niggas tried to shit on me
I was left for dead
They tried to wipe me out of they historyShit on me
These niggas tried to shit on me
I was left for dead
They tried to wipe me out of they historyFear is your only God
Get y'all to fear me is my only job (hehe)Bulletproof glass, glass roof like the Pope
Bulletproof love, niggas down since the yolk
Bitch asked if I was God
Fuck I'm supposed to say no?
You already seen me turn a man to a G.O.A.T.
You already know what I could do with the coke
Dropped it in the water, made it disappear
I made it reappear, I had that bitch on a rope
I make my roof get ghost
Bottom grill, I make my tooth get gold

All the shit I did, I wasn't supposed to live
Hallelujah Hov
Wasn't for the 'caine wouldn't be able
Wasn't for the bread, probably be dead
Best friends become ya enemies
Niggas' knives are double-edgedShit on me
These niggas tried to shit on me
I was left for dead
They tried to wipe me out of they historyShit on me
These niggas tried to shit on me
I was left for dead
They tried to wipe me out of they history
