

Sleeping Where I Want

Veruca Salt

This is my favorite disease,
I am sleeping in his dreams
And the TV is on,
It is seeping into me,
It is guiding my dreams,
It is only three
So it's jeopardy
You can go and burst my tiny bubble
Blow me off without a care
But I am sleeping where I want to.
This is my favorite time
I can sleep until the phone rings
And I doubt that it will.
You can go and burst my tiny bubble
Blow me off without a care
But I am sleeping where I want to.
