

Lucifer Corpus

Writing On the Wall

There is a death song on my mind
I cannot see, my eyes are blind
I cannot hear, my eyes are deaf
The devil's name be on my dying breath
Lucifer go down, down
Take me underground, ground
Lucifer go down, down
Lucifer go down, down
Take me underground, ground
Lucifer go down, down
What are these images that I see?
They are all black, what can they be?
Why are they eating up my mind?
When I return what shall I find?
Lucifer go down, down
Take me underground, ground
Lucifer go down, down
Lucifer go down, down
Take me underground, ground
Lucifer go down, down
Lucifer go down, down
Take me underground, ground
Lucifer go down, down
What are these images that I see?
They are all black, what can they be?
Why are they eating up my mind?
When I return what shall I find?
Lucifer go down, down
Take me underground, ground
Lucifer go down, down
Lucifer go down, down
Take me underground, ground
Lucifer go down, down
You're gonna die
Everybody's gonna die
Can't you realize that you're gonna die?
You're, you're, you're gonna die
Everybody, everybody's gonna die
Oh, oh, ohhh you're gonna die
You're gonna die
