

# Champions (From "Hands of Stone")

## Usher & Rubén Blades

No more war, no more war  
What are we fighting for  
El dolor que trae el fracaso  
De la duda y la traición  
Veo una vida hecha pedazos  
Y ahí es donde nace un campeón I'll fight for my country  
You fight for your country  
We see the victory  
They'll get the victory  
Man a man, heart to heart  
Face to face worlds apart  
You and I, we're champions  
Champions, champions  
You fight for my country  
I'll fight for your country  
We see the victory  
They'll get that victory  
Man a man, heart to heart  
Face to face worlds apart  
You and I we're champions  
Champions, champions  
De amarguras y esperanzas  
De las penas y el dolor  
De una fé que todo alcanza  
De allí es como nace un campeón No more blood, no more pain  
No más ven watch the way  
Wave your flag, and I'll wave mind  
We gotta shift the paradigm I'll fight for my country  
You fight for your country  
We see the victory  
They'll get that victory  
Man a man, heart to heart  
Face to face worlds apart  
You and I we're champions  
Champions, champions  
I'll fight for my country  
You fight for your country  
We see the victory  
They'll get that victory  
Man a man, heart to heart  
Face to face worlds apart  
You and I we're champions

Champions, champions In the end it's all love  
You can [?]  
Sometimes [?]  
But In the end it's all love Campeones en Panamá
