Cherub
Cherub the angel
Roll back the hands of timeCherub
Enter the angelaaaaaahhhh!You walk alone now
You're never mind
The walks you've taken
have left behind
All people sideways
They look at you
may god forsake me
cause I do to
I see bodies
Maybe, maybe someone is alive
Naked we smileHoo-hahahahahahahah, a-hahahahahohohoNakedHa-haahhhhYou're right
beside me
you gaze a view
your body's vacant
they crawl right throughthose bodies falling
it's in the air
we're mixed so close now
but I don't careha ha ha
walk upon me
your body lead
you try to escape you
it's in your head
I'd better go back
I'm not over thereYou walk beside me
you gaze at me
you're homeless now
or that times threamazon
you gaze along
I'll make you talk you

they stop and stare
your body's lying
