

Biggie Nigga

Lyfe Jennings

First off I got to send a shout out to Brooklyn
B K in the building stand up, second of all
Man, I tell you when I do these interviews out here, man
All these cats always asking me Who do I mostly resemble in the music game?
So I think to my self, why? Who could I have said
I mostly resemble in this game and one name keep on circulating
Through my brain man, none other y'all know him as Biggie nigga From a place where them
niggas don't talk a lot
License suspended so we walk a lot
Always been a thug, since I was a young cat
Brisked up like Godzilla, mix my simi-lac with Cognac, oh Now I can't even pray no more
'Cause I done did so much dirt, and smoked so much Dro
I'm afraid God'll be like what you callin' here for
Don't be dialing my line asking me for shit no more
Whoa, it's Biggie nigga
Record me as a City nigga
Yeah, it's Biggie nigga
Record me as a City nigga I done seen church boys get killed like that
Roll off at the mouth when they ain't built like that
So for all you wanna be's out there whose attitude is shitty
Yeah, God don't like ugly but he ain't too fond of pretty neither I'm a hustla from the top of my
door rag to the bottom
Of my timb's that done left prints on many backs
Like 50 said,? These in the street niggas they ain't playin'
And if y'all don't like what I'm sayin', y'all gon' have to murder me again? 'Cause it's Biggie
nigga
Record me as a City nigga
Whoa, it's Biggie nigga
Record me as a City nigga
So for all these cats out here doin' what you do, man
You Biggie, for all these cats out here doin' something positive
In your community you Biggie, for all these rap cats
That's on the struggle trying to come up Man you Biggie, for all you cats
Doin' that nonsense on that bullshit? You ain't Biggie nigga
It's your boy, Lyfe Jennings, man
AKA Biggie nigga
