

90's Love

MAAD

[Verse 1]

They don't love you like I do, not nobody
They can't feel you like I do, yeah nobody
Ain't no sunshine when you're gone, cloudy days roll on and on
But we keep fighting, we keep fighting, yeah[Pre-Chorus]
I fell in love with a real one
Got a feeling that it's gonna last
Caught up in emotions
And we can't let the moment pass
All I need is your body here right next to me
All over me in ecstasy

[Chorus]

Hold on to me, don't ever let go
Damn, they don't make 'em like this
Damn, they don't make 'em like this no more
What we got is special for sure
Damn, they don't make 'em like this
Damn, they don't make 'em like this no more

[Verse 2]

They don't love you like I do, not nobody
They can't fuck you like I do, yeah nobody
Ain't no sunshine when you're gone, cloudy days roll on and on
But we keep fighting, we keep fighting, oh yeah yeah yeah yeah[Pre-Chorus]
I fell in love with a real one
Got a feeling that it's gonna last
Caught up in emotions
And we can't let the moment pass
All I need is your body here right next to me
All over me in ecstasy[Chorus]

Hold on to me, don't ever let go
Damn, they don't make 'em like this
Damn, they don't make 'em like this no more
What we got is special for sure
Damn, they don't make 'em like this
Damn, they don't make 'em like this no more

[Bridge]

They don't love you like I do, not nobody
No not nobody[Chorus]
Hold on to me, don't ever let go
Damn, they don't make 'em like this
Damn, they don't make 'em like this no more
What we got is special for sure

Damn, they don't make 'em like this
Damn, they don't make 'em like this no more
Hold on to me, don't ever let go
Damn, they don't make 'em like this
Damn, they don't make 'em like this no more
What we got is special for sure
Damn, they don't make 'em like this
Damn, they don't make 'em like this no more
