

All This Could Be Yours

Cold War Kids

I was silent partner, I could use a shrink
I heard you said the misfortune speech
But I have sympathy when you get up your seat
Before this mess becomes a disease
I have cracked the code on this old machine
Take thousands eyes to be released
But I've been wondering why can't you see?
Where the door opens up and go where it leads I have been waiting for you to find
All of this could be yours, be yours tonight!
Ooh oh oh (could be yours, could be yours)
Ooh oh oh (could be yours, could be yours)
Ooh oh oh (could be yours, could be yours)
You were packing up but I gave you a bed
You would rather crash, then go straight ahead
I wrote this years ago, but it's finished today
With the help of a fan who was finished the same I have been waiting, but you would need a sign
All of this could be yours, be yours tonight!
I have been patient, but you've got to try
All of this could be yours, be yours tonight!
Ooh oh oh (could be yours, could be yours)
Ooh oh oh (could be yours, could be yours)
Ooh oh oh (could be yours, could be yours)
All this could be yours
All this could be yours
All this could be yours
could be yours
All this could be yours
