

# Hanging On By a Thread

## The Letter Black

My past has followed me and  
I just can't get away  
I'm not the same as I was  
Leaving my disarray(Take me just as I am)  
I'm broken down  
(Pull me into your arms)  
I'm hanging on to every word Save me from losing myself  
I'm hanging on by a thread  
Can you see who I am  
Underneath my scars?  
I'm afraid to fall  
So I'm holding onto you  
No, I won't let go  
I'm hanging on by a thread  
I still can hardly believe  
The person I once was  
I'm trying so hard to change  
Help me work through my flaws(Take me just as I am)  
I'm calling out  
(Pull me into your arms)  
I'm holding on, to every breath Save me from losing myself  
I'm hanging on by a thread  
Can you see who I am  
Underneath my scars?  
I'm afraid to fall  
So I'm holding onto you  
No, I won't let go  
I'm hanging on by a thread  
I'll never need  
I'll never want  
With you and me  
I'm so complete  
I'll never run  
I'll never hide  
With you right here  
I'm safe inside Save me from losing myself  
I'm afraid to fall  
So I'm holding onto you  
No, I won't let go Save me from losing myself  
I'm hanging on by a thread  
Can you see who I am  
Underneath my scars?

I'm afraid to fall  
So I'm holding onto you  
No, I won't let go  
I'm hanging on by a thread
