

Hat 2 da Back

TLC

(dallas austin, lisa left eye lopes, kevin wales)Rap introBeing that I am the kinda girl that I am

Nobody can make me do what I don't want to

I can be myself a lot and I'm proud of what I got

So I'll never change for youBeing that I am the kinda girl that I am

Tight jeans don't hit the scene with one like me

I got to be feeling free and you better believe i'll

Do what pleases me

Yo left eye kick the sceneSee everyday last week and not a place to go

This nut still had me dressin' like a fashion show

But not this week I'm chillin' cause it's nothin' to hide

Threw on my baggy dips and waited for my ride

He pulled up knock knock til I opened the door

Peeped my gear and started dissin' me from head to toe

But yo just to let you know, it's takin' ta

Make me wanna say gotta go, gotta goChorus:

Hat 2 da back I gotta kick my pants down real low

That's the kinda girl I am

That's the kinda girl I am

Hat 2 da back I gotta kick my pants down real low

That's the kinda girl that I amHere we go, here we go, here we go again

Being that I am the kinda girl that I am

Some people just don't understand the things I do

(you feelin' it d, you feelin' it)

Chillin' with the girls or kick it with the fellas

If I chooseBeing that I am the kinda girl that I am

Dumb rules are left for fools

With no attitude I think my way is cool

So let me be me and continue being smooth

Yo left eye what's up wit' that guy?So yo gettin' back to this dude wit' the foul attitude

Shoot he made another bad move sayin' that

Girls shouldn't wear baseball caps he can go take a hike

Cause it's the style I like yeah it's a trip

Cause somethin' hasn't yet been said

I never talked about them damn fingerwaves in his head

Tight pants and 2 rings in each ear

You know that is dead but it's me insteadChorusHere we go againThat's the kinda girl I am

Don't cha know I really don't give a damn

Let me be me for me and not what I'm supposed to be

So I'm gonna do what I wanna do

Cause dumb rules are left for silly fools

That's the kinda girl that I am - ohh!Here we go, here we go, here we go againSome people

might wonder why we're like that

Cause we're smooth
Smooth you know Relatively speakin' I am no ordinary dip
Cause I ain't reachin' hipped
Til you be thinkin' I'm flipped
And that is oooh on the tlc tip 1-2-3-4 y'all
Here we go again Chorus
