

# My First Kiss (feat. Ke\$ha)

## 3OH!3

My first kiss went a little like this  
And twist, and twist Well my first kiss went a little like this  
And twist, and twist I said no more teachers  
And no more books  
I got a kiss under the bleachers  
Just hoping that nobody looks Lips like licorice  
Tongue like candy  
Excuse me miss  
But can I get you out your panties?  
In the back of the car  
On the way to the bar  
I got you on my lips  
(I got you on my lips)  
At the foot of the stairs  
With my fingers in your hair  
Baby, this is it She won't ever get enough  
Once she gets a little touch  
If I had it my way  
You know that I'd make her say  
Oooh-oooh-oooh-oooh  
Oooh-oooh-oooh-oooh She won't ever get enough  
Once she gets a little touch  
If I had it my way  
You know that I'd make her say  
Oooh-oooh-oooh-oooh  
Oooh-oooh-oooh-oooh  
Well my first kiss went a little like this I said no more sailors  
And no more soldiers  
With your name in a heart  
Tattoo upon his shoulders Your kiss is like whiskey  
It gets me drunk  
And I wake up in the morning  
With the taste of your tongue In the back of the car  
On the way to the bar  
I got you on my lips  
(I got you on my lips)  
At the foot of the stairs  
With my fingers in your hair  
Baby, this is it She won't ever get enough  
Once she gets a little touch  
If I had it my way  
You know that I'd make her say

Ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-oohShe won't ever get enough  
Once she gets a little touch  
If I had it my way  
You know that I'd make her say  
Ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-oohMy first went a little like this  
And twist  
And twistWell my first kiss went a little like this  
And twist  
And twistYeah she won't ever get enough  
Once she gets a little touch  
If I had it my way  
You know that I'd make her say  
Ooh-ooh-ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-oohShe won't ever get enough  
Once she gets a little touch  
If I had it my way  
You know that I'd make her say  
Ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-oohShe won't ever get enough  
Once she gets a little touch  
If I had it my way  
You know that I'd make her say  
Ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-oohShe won't ever get enough  
Once she gets a little touch  
If I had it my way  
You know that I'd make her say...
