

Champion

Grinspoon

So you wanna be a champion! Let's not beat around the bush
I got my hands in the air
With my head down look
Disease please pay phone the back of my car
Automatic teller
Man your gonna go far
Man your gonna go far Flacid the best in the world
Apology glitter for the flitter with the punk girl
God knows you like it
We all know about you sucker
Man your gonna go far
far Your world champion now
Your world champion now
Your world champion, champion
You wanna champion or be a homeboy
You're a macho fucking number one champion
You want a champion or be a homeboy
You're a macho fucking number one champion
You want champion
Or be a homeboy
I'm so sorry!
