

# Fire It Up

## Black Label Society

Fire it up let the engines roll  
It's time to burn it down  
Keep bleeding on till the day you die  
Forever, love it loud,  
Hellfire, doom  
Watch the hatred spin  
Beyond the speed of sound  
Fire it up let the engines roll  
It's time to burn it down Keep moving on  
Face your fear  
Except your war  
It is what it is
