

Hippopotamus

Desmond Dekker

Skinheads, all you skinheads
C'mon let's move and groove: You all hipocrite, you all hippopotamus, you all hipocrite, you...
You all hipocrite, you all hippopotamus, you all hipocrite, yeah...
You nah fe gwan so
you nah fe galang so
What goes up, star, mus' come down
What goes up, sir, mus' come down
You too commutive (?)
wicked and bad-minded, conniving
