

# The Curse

## Nural

How long until I find the strength, to lift this lovers curse  
Cause in my head it's surfaced, but otherwise unearthed  
And superstitions got me thinking when will it all end'  
I wish this curse on no one

Chorus:

When she walks inside my world you'll know it  
Call me crazy if I try, your probably right'  
When she walks inside my world you'll know it  
Call me crazy if I try, cause I know your right'  
When she walks inside

I wait until I find the strength to break this lovers curse  
Cause in my head it's ruptured but clearly never burst  
And you won't find my cure anytime soon  
So let these days be numbered

Chorus x 2:  
When she walks inside my world you'll know it  
Call me crazy if I try, your probably right'  
When she walks inside my world you'll know it  
Call me crazy if I try, cause I know your right'  
When she walks inside

x 3

How long until I find the strength to lift this lovers curse  
Cause in my head it's surfaced, in my head it's surfacedx 4  
Then she walks inside'
