

# Shame

## Tedeschi Trucks Band

Shame, there's poison in the well  
Shame, you know we can't unring the bell  
Though I tried Oh to let it all fall away  
Oh but sometimes I, I hear exactly what you say Makes me wonder, why you're broken  
Lord, you have to wonder  
Where are we going? Someday, oh you know it can't be long  
Someday, when your train has come and gone  
Just remember all that shit you used to say  
"You got to pick yourself up, you got to get right back out,  
You got to do it all over again."  
Now I've tried  
Oh to let it all fall away  
Oh but somehow, I'd love to see him in pain Makes me wonder, why we're broken  
Lord, you've got to wonder  
What's in the air? Shame, oh the hurt they put on me and you  
Shame, shame, shame, you know they're murdering the truth  
Now I've tried  
Oh to let it all fall away  
Oh but somehow, I have nothing left to say And I wonder, why we're broken  
Oh don't you wonder  
Where the hell we're going?  
Don't you wonder what's in the air?  
Don't you wonder? Don't you even care? Shame  
Shame on you  
Shame on me for letting you  
Shame us all  
Shame on him  
Oh shame  
Oh so much shame  
Oh too much shame  
Oh shame
