

Gypsy Road

Cinderella

I used to be now I'm not what you see, Lord I try
And now it seems all those dreams have come true, but they're passing me by
Some fast talkin' mama for a dollar put a smile on my face
I'm drivin' all night
I end up in the same old place My gypsy road can't take me home
I drive all night just to see the light
My gypsy road can't take me home
I keep on pushin' cause it feels alright And who's to care if I grow my hair to the sky
I'll take a wish and a prayer cross my fingers cause I always get by
Some fast talkin' jerk for a dollar wiped the smile off my face
I'm drivin' all night
Just to keep the rat in the race
My gypsy road can't take me home
I drive all night just to see the light
My gypsy road can't take me home
I keep on pushin' cause it feels alright Sometimes I feel so old
Got my lights burnin' bright
But I'm lookin' pretty sold
Sometimes I feel so cold
So cold
Let's go Got to get on home
My gypsy road can't take me home
My gypsy road can't take me home, t-t-take me My gypsy road can't take me home
I drive all night just to see the light
My gypsy road can't take me home
I keep on pushin' cause it feels alright
My gypsy road can't take me home
I drive all night just to see the light
My gypsy road can't take me home
I keep on p-p-pushin'
My gypsy road
My gypsy road
My gypsy road
My gypsy road
My gypsy road
