

# Slow Chemical (Kane)

## Finger Eleven

The wonder of the world is gone I know for sure  
All the wonder that I want I found in her As the whole becomes a part I strike to burn  
And no flame returns Every intuition fails to find it's way  
One more table turned around I'm back again Finding I'm more lost and found when she's not  
around  
When she's not around I feel it coming down Give me what I could never ask for  
Connect me and you could be my chemical NOW  
Give me the drug you know I'm after  
Connect me and you could be my chemical When everybody wants you (the chemical goes  
slow) When everybody wants you (the chemical gets...) Slow and  
Everybody wants you  
So  
Slow and  
Everybody wants your soul Give me what I could never ask for  
connect me and you could be my chemical NOW Give me the drug you know I'm after  
Connect me and you could be the chemical  
You could be the chemical  
You could be the chemical  
You could be the chemical  
You could be the chemical
