Where's the Revolution

Depeche Mode

You've been kept down

You've been pushed 'round

You've been lied to

You've been fed truths

Who's making your decisions?

You or your religion

Your government, your countries

You patriotic junkiesWhere's the revolution?

Come on, people

You're letting me down

Where's the revolution?

Come on, people

You're letting me down

You've been pissed on

For too long

Your rights abused

Your views refused

They manipulate and threaten

With terror as a weapon

Scare you till you're stupefied

Wear you down until you're on their sideWhere's the revolution?

Come on, people

You're letting me down

Where's the revolution?

Come on, people

You're letting me down

The train is coming

The train is coming

The train is coming

The train is coming

So get on board

Get on board

Get on board

Get on boardThe engine's humming

The engine's humming

The engine's humming

The engine's humming

So get on board

Get on board

Get on board

Get on boardThe train is coming

The train is coming

The train is coming The train is coming So get on board Get on board Get on board Get on boardThe engine's humming The engine's humming The engine's humming The engine's humming So get on board Get on board Get on board Get on boardWhere's the revolution? Come on, people You're letting me down Where's the revolution? Come on, people You're letting me down
