[Verse 1]

I have one too many friends
Hard for me to count them on my hands
Hard for me to hold them to my heart
Hard for me to keep them off my head
I'll delete my Instagram
If I gotta make another Insta friend
Unfollow me then follow me again
Then cuss me out when I leave you on read
(You're giving me anxiety)

[Chorus]

So where can I leave my phone
I just wanna be alone
I'm keeping my circles closed until further notice [Verse 2]

I have one too many friends
But the stranger things are better left unsaid
It's hard for me to give them what they need
It's easier to give them what they don't
I don't wanna sin again
But then again, maybe He'll understand
After all, they need a place to sleep
And who am I to kick them off my bed
(I need a little privacy)

[Outro]

So where can I leave my phone
I just wanna be alone
I'm keeping my circles close, they'll never know
I'm fighting to keep my soul
Oh it kills me to see them go
I'll still be a friendly ghost
And they'll say that I'm going rogue
Gotta get up outta here
(I'm going ghost, I'm going rogue)
Oh I gotta get outta here
(I'm going ghost, I'm going rogue)
I said I'm going, I'm going rogue
(I'm going ghost, I'm going rogue)
I'm going rogue, rogue
I'll be back when I'm ready
(I'm going ghost, I'm going rogue....)
