

Phases

PRETTYMUCH

Oh-oh-oh, hey
I know you're tryin' to do you but you fell over
After a couple bad nights And 20 cold hearts (Mhm)
Tryin' to find a new you but I heard you got lost
Tryin' to figure your worth
What the hell does that cost? Aye!
When I'm kissing ya, grippin' ya thigh
I realized you are destined and meant to be mine (mine)
Who am I to conflict with you living your life (life)
Just know when you call
I'm at the end of the line
I'll practice my patience
While you're getting wasted
'Til fate brings you home
I'll wait through your phases
You'll shuffle through phases
Like songs on your playlist
'Til fate brings you home
I'll wait through your phases (Phases) Hitting all the right cues
And you leaving your mark
But that ain't you (Ain't you)
You're just playing your cards, baby
Tryna fit in those shoes but you take it too far (Too far)
It doesn't matter where it takes you
I'll go wherever you are
Oh-oh
When I'm kissing ya, grippin' ya thigh
I realized you are destined and meant to be mine
Who am I to conflict with you living your life (Living your life)
Just know when you call
I'm at the end of the line
Oh-oh I'll practice my patience
While you're getting wasted
'Til fate brings you home
I'll wait through your phases
You'll shuffle through phases
Like songs on your playlist
'Til fate brings you home (Home)
I'll wait through your phases, phases
I'll wait, I'll wait I'll wait, I'll wait through your phases, phases (Oh)
I'll wait, I'll wait through your phases, phases (Yeah, yeah)
For you, I'll wait through your phases, phases (For you)

I'll wait, I'll wait
I'll wait through your phases, oh Yeah, I'm really tired of being soft-spoken
You got me broken
Writing songs about you daily and it's messing with my focus
You fucked with him but we both realize that he was bogus
I'm the one for you but why do I feel like I'm go unnoticed
I'm talking more than clothes hitting floors
We're falling off track but not the rack like a chore
Oh look, another butterfly, feel it in my core
Even though you ain't mine it's the fact that I'm yours
It's the fact my life ain't complete without yours
It's the fact that at night I be trying to ignore
Catching overseas flights just to knock on your door
'Cause you put my planet in orbit
But, star girl your body's so soft
Look, I promise you, baby, I'm sober
Just wait 'til you give in and finally come over
I can't wait to tell you
I told ya, I told ya, I told ya I'll practice my patience
While you're getting wasted (While you're getting wasted)
'Til fate brings you home
I'll wait through your phases
You'll shuffle through phases
Like songs on your playlist
'Til fate brings you home (Home)
I'll wait through your phases, phases Let's go!
I'll wait, I'll wait through your phases, phases, oh
(Girl, you know I'll wait for you)
I'll wait, I'll wait through your phases, phases
(I will wait through your phases)
For you, I'll wait through your phases, phases (Yeah, yeah)
I'll wait, I'll wait
I'll wait through your phases, oh
