Just right I do, heals high
Wheels fly, real fly, Nikes' on you
An' a righteous view, from night to new
Day, hey, play, catch a flight for two An' you hawk, you a baller
Baller, hawker, dog you a stalker
Upset 'cause what she was showin'
Aww man, you ain't in gear for knowin' Ask question if you're a hoe and
Whatz that? Who you wit? Where you at? Where you goin'?
Where you goin', I'm flowin', she blowin'
Sky high like a bowin', got pies like it snowin' Girls, they want, wanna have fun
Girls just wanna have
Girls, they want, wanna have fun
Girls just wanna have Females, better twirl on yours, better curl on yours
'Cause I swirl on shores
Come back to a pearl golf porch
I'm Kurupt, cause 'Girls all pause' An' the world is yours, honey, sip sizzurp Earl of course
And you know I'm in the buildin', mister

Wit the Olsen twins or the Hilton sisters
An' I haul 'em in to the Hilton's, mister I milked them, I killed them
You quilt them, you missed her
You helped her, you kissed her
You felt all the blisters, melt on your whiskers
Girls, they want, wanna have fun
Girls just wanna have
Girls, they want, wanna have fun
Girls just wanna have
Girls, they want, wanna have fun
Girls just wanna have
Girls, they want, wanna have fun
Girls just wanna have
