

Change the World

Outasight

Uhuu

I wake up [?] and I can't get my head out the clouds, no, no!

One way or another, I found myself on the [?]

Cause money sure don't seem to make amend

But the men make the dollar real

Won't let a few things keep me down,

But you sure know how to cheat.

Some days I feel like a bird

[?] don't mean to think, no, no

One way or another I find the little bases to keep things real out, out

Cause world don't seem to make the man

But the men seem to make the moon

Open my eyes, do a little something

Let me see what I can do!

I don't know why but today I feel

A little bit different, oh!

[Chorus:]

I feel like the world is on me

And I can change the world

I could change the world

I guess it's true, true, true, yeah

I feel like the world is on me

And I can change the world

I could change the world

But it's up to you!

Some days I wake up form a dream, to feel [?]

One way or another I found the way to beg [?]

These [?] dreams can't make the man,

But the man can [?] dream

Close my eyes on another day, now I gotta wait and see

Some days I wanna [?]

One way or another I'm gonna reach you [?]

If the man don't wanna fight the war

But it's [?] here to die

Today might be our lucky day, gonna find out in due time I don't know why but today I feel

A little bit different, oh!

[Chorus:]

I feel like the world is on me

And I can change the world

I could change the world

I guess it's true, true, true, yeah

I feel like the world is on me

And I can change the world
I could change the world
But it's up to you! I don't know why but today I feel
A little bit different, oh! Say I, I feel
Like I could change, I could change the world!
One more time
Say I, I feel
Like I could change, I could change the world!
One more time
Say I, I feel
Like I could change, I could change the world!
But it's up to you, you, you!
But it's up to you, you, you!
