

# Disassociative

## Marilyn Manson

I can tell you, what they say in space  
That our earth is too grey  
But when the spirit is so digital  
The body acts this way  
That world was killing me  
World was killin' me  
Disassociative  
The nervous systems down  
The nervous systems down  
I know  
The nervous systems down  
The nervous systems down  
I know  
I can never get out of here  
I don't wanna explode in fear  
A dead astronaut in space  
I can never get out of here  
I don't wanna explode in fear  
A dead astronaut in space  
Sometimes we walk like, we were shot  
Through our heads, my love  
We write our song in space  
Like we are already, dead and gone  
Your world was killin' me  
World was killin' me  
Disassociative  
Your world was killin' me  
Your world was killin' me  
Disassociative  
I can never get out of here  
I don't wanna explode in fear  
A dead astronaut in space  
I can never get out of here  
I don't wanna explode in fear  
A dead astronaut in space  
The nervous systems down  
The nervous systems down  
The nervous systems down  
The nervous systems down  
I can never get out of here  
I don't wanna explode in fear  
A dead astronaut in space

I can never get out of here  
I don't wanna explode in fear  
A dead astronaut in space
