

Nightmare (feat. Pusha T & Barrington Levy)

Yellow Claw

Yeah

YC

King Push I don't live in my fears

I just swallow my tears

It ain't all in my head

Life is just a nightmare

I don't care if you care

I just know it ain't fair

Ain't no time to prepare

Life is just a nightmare

I don't live in my fears

I just swallow my tears

It ain't all in my head

Life is just a nightmare

I don't care if you care

I just know it ain't fair

Ain't no time to prepare Life is just a nightmare PUSH

You can run but you can't hide

PUSH You can run but you can't hide

PUSH

You can run but you can't hide

PUSH You can run but you can't hide

(Yellow Motherfucking Claw) Rapstar, trapstar, you can call me black czar

Duffle bag boy money buried in the backyard

Rather count a hundred thou', you can keep your black card

Got the bases covered, kitchen covered when we stack hard

Spend it all, 200 on the dashboard

Every verse is like a dope dealer's crash course

Every trip another stamp in the passport

So what you mothafuckas mad for? I don't live in my fears

I just swallow my tears

It ain't all in my head

Life is just a nightmare I don't care if you care I just know it ain't fair

Ain't no time to prepare

Life is just a nightmare Push

You can run but you can't hide

Push You can run but you can't hide Push

You can run but you can't hide

PUSH

You can run but you can't hide

(Yellow Motherfucking Claw) Walk with your team

And live in my shade

Walk with your team
And live in my shade
It's a wonderful day
Let's sleep, drive or pray
It's a wonderful day
Let's sleep, drive or pray
It's a wonderful day
Let's sleep, drive or pray
It's a wonderful day
Let's sleep, drive or pray
(PUSH!)
