

# I Got My Eyes On You

John Lee Hooker & Canned Heat

I like to see you walk  
I like to see you walk  
I like to see you walk  
    You my baby  
Keep my eyes on you Well, keep on walking babe  
    Keep on walking  
    Well, keep on walking  
Oh yes, and walk your walk I like to see you walk  
    I like to see you walk  
    I like to see you walk  
    You my babe  
    Got my eyes on you  
I love to see you switch  
I love to see you switch  
I love to see you switch  
    You my babe  
I got my eyes on you I see you every day  
    Walking down the street  
    I see you every day  
    Walking down the street  
    You my baby  
Keep my eyes on you way I got my eye on you  
    Any way you walk  
    I see you  
    Every move you make  
    I got my eye  
    I got my eye  
    I got my eye on you  
    I got my eye on you
