

# You Can't Stop Rock 'n' Roll

## Twisted Sister

Here it comes, you're never gonna top it  
On a run, no way you can stop it  
Total style, perfection in decay  
Running wild, flat out all the way Now you can ride it high  
And you can light the way  
Lift up your hands in praise  
You can't stop rock 'n' roll  
You can't stop rock 'n' roll  
You can't stop rock 'n' roll Like a charging bull, it's a juggernaut  
With steam at full, never to be caught  
Incarnate power, roaring from the sky  
While others cower, rock ain't gonna die  
Now you can ride it high  
And you can light the way  
Lift up your hands in praise  
You can't stop rock 'n' roll  
You can't stop rock 'n' roll  
You can't stop rock 'n' roll It's an angry steed  
On a never ending course  
With grace and speed  
It's an unrelenting force  
His head thrown back, defiantly proud  
Under constant attack  
It's blasting, fast and loud Now you can ride it high  
And you can light the way  
Lift up your hands in praise  
You can't stop rock 'n' roll  
You can't stop rock 'n' roll  
You can't stop rock 'n' roll  
Can't stop, can't you stop it  
Can't stop you can't stop it  
Can't stop, can't you stop it  
Can't stop you can't stop it  
Can't stop, can't you stop it  
Can't stop you can't stop it  
Can't stop, can't you stop it  
Can't stop you can't stop it
