

Once In a While (KCRW - Live from Malibu PAC)

[k.d. lang](#)

In love comes waltzing in
And gives my head a spin
With the unsuspecting one
Whose world turns upside down
Shattering the ground
Other expectations
Love beyond reason, is a love so hard to find
And love that can season you, make your heart a one tract mind
I will make you happy baby
I will make you smile
I'll drive you crazy baby
Once, in a while
Once, in a while
(Ohhhhh)
Love beyond reason, is a love so hard to find
(Ohhhhh)
Love that can season you, make your heart a one tract mind
I will make you happy baby
I will make you smile
I will drive you crazy, baby
Once, in a while
Baby once, in a while
Once, in a while
