

Something's Missing

John Mayer Trio

It ain't your TV, no it's fun to laugh at people sometimes
It ain't your computer, no it's nice to spend the whole night online
It's not your movies, I see the same damn storyline
It's only music now, it's only music now I'm not alone, I wish I was
'Cause then I'd know I was down because
I couldn't find a friend around
To love me like they do right now, they do right now I'm dizzy from the shopping malls
I searched for my joy and returned it all
It doesn't help, the hunger pains
And a thirst I'd have to drown first to ever satiate
Something's missing
And I don't know how to fix it
Something's missing
And I don't know what it is
No, I don't know what it is at all When autumn comes it doesn't ask
It just walks in where it left you last
You never know when it starts
Until there's fog inside the glass around your summer heart Something's missing
And I don't know how to fix it
Something's missing
And I don't know what it is
No, I don't know what it is at all I can't be sure that this state of mine
Is not of my own design
Wish there was an over the counter test
For my loneliness, for my loneliness like this
Something's missing
And I don't know how I'm ever gonna fix it
Something's missing
And I don't know what it is
I don't know, I don't know, I don't know Something's different
And I don't know what it is
No, I don't know what it is Friends
