

Oceans

RY X & Ólafur Arnalds

Letting you go
Free your mind
Let out hope
Be unwind I know what (?)
This healing, (?)
I'm bleeding oceans
I can't leave this so (?)
This feeling's over
I'm bleeding oceans
I'm bleeding oceans
I'm bleeding oceans
Oceans
I'm bleeding oceans
Let it (?)
Into your mind
Lay your worlds
Into the fire
And I lay you down again
And I lay you down again
And I lay you down again
And I lay you down again
I know what (?)
This healing, (?)
I'm bleeding oceans
I can't leave this so (?)
This feeling's over
I'm bleeding oceans
I'm bleeding oceans
I'm bleeding oceans
Oceans
Oceans And I lay you down again
And I lay you down again
