

Strokin (feat. Tjr & Antwon)

Crookers

Came to the club with two cell phones
Layin' on the floor gettin' astrodome
Meet a thirsty girl who wanna take me home
But I can't say shit cause them drugs too strong
Antwon be that Nature nigga
Off a gram and a half in the Matrix, nigga
In a function at 4am
Won't see me again
'Til the daylight end
Homegirl I be strokin'
Takin' megas to the face
Rec center in Oakland
Uh! R.I.P
You think a nigga jammed me up?
That's unlikely
Probably hit me in the face but couldn't crumple me
Above the bullshit now he's under me
You a underling
That's a ugly thing
We up to somethin' somethin'
Baby girl goin' hard like she at that luncheon
Hit me with the 69
Been through the position so many times
Then she did some shit that you couldn't believe
Laid her booty on my face
Sucked the life up outta me
A nigga couldn't breathe
And I ain't tryin' to nigga
I be all up in the pussy doin' finger rolls
Twon fuck bad bitches, he a Scorpio
Got girls on me
From London to Jersey
Blowin' on me hard
And thinkin' it's Hershey
She wantin' to blerp me
I'm a Nature World nigga
Ain't nothing gon' hurt me
She wantin' to work me
MVP they wearin' my jersey, Ah!
Yammin' in the pussy doin' finger rolls
Twon fuck bad bitches, he a Scorpio
